### My best friend.

I've got a lot of good friends. This is a photo of my best friend, Lily. Lily's sixteen and she's from Brighton. She's British but her dad's from Jamaica. Lily's got a brother, Andrew. He's eleven.

Lily's got two interests: music and ... music! She's music mad. Her favourite thing is her MP3 player. She's got

500 songs on it and 50 of them are by The Kaiser Chiefs! My favourite band is The Kooks. So we haven't got the same songs on our MP3 players.

She's got an electric guitar and she's in a band with her classmates. They are all girls! They've got a lot of fans at school.

Lily has got a mobile phone and a computer but she hasn't got a games console - computer games aren't her thing.

Lily's got two pets - a cat called Lyra and a goldfish called Moby Dick.

Oh and Lily's got a nickname. It's Lulu. My nickname's Spider. Lily isn't my girlfriend - she's my best friend.
